## YT Video Downloader Crack Free Download [Win/Mac] Latest

YT Video Downloader is an outstanding, versatile tool that enables you to download videos and songs from YT, Google, Facebook, Vimeo, Vevo and many other video sharing websites. Downloads videos with just a few mouse clicks YT Video Downloader doesn't include a search function, so you need to locate videos using your preferred web browser. Once you have located the clip you wish to save, however, you only need to copy its URL and paste it in the designated field. Individual videos or entire playlists can be downloaded, and the application even allows you to extract audio tracks and save them separately. Supports all available resolutions and can even convert media files You can specify which version of the selected video the program should download, in any resolution from 240p to 8K UHD. The audio bit rate can also be customized, and these settings can be modified later at any time. It is likely that the downloaded media files will need to be converted to other formats for various purposes, and YT Video Downloader can even help you out in this scenario. Powerful, unobtrusive downloader that is always there when you need it The application can be sent to the system tray when not required or while a file is being downloaded, and the handy Drop Box that is displayed on your desktop enables you to add clips to the processing queue by simply dropping their URLs onto the icon.
